HIGHWAYS

RE: Destruction of Weeds Along

We hereby acknowledge your request for the opinion of this office regarding the exclusion of county federal aid routes from the operation of chapter 350 of the 1955 Session Laws regarding the destruction of weeds along highways.

It is the opinion of this office that the Legislature intended to exclude some highways in addition to the state highways in adopting the phrase "This Act shall not apply to any state or federal highways."

There are no federal highways, as such, in this state, therefore we construe the quoted phrase to exclude from application of chapter 350, all "federal aid" highways, regardless of whether or not they are designated as county highways.
